

Wanted: Software developer (m/f)

About us:

Innovative, flexible and fast – the optimization technology of inola is the future of planning and scheduling.

inola GmbH solves challenging optimization tasks of our customers in different areas e.g. logistics, (public) transport or manufacturing. Our forward-looking optimization technology is a reliable tool for fast computation, high quality results and satisfied customers all over the world.

We are looking for you as software developer, to play one of the key roles in our ambitious growth plans!

Do you love programming and shiny new technologies?

When you come across a new piece of technology, do you automatically think of all the amazing new possibilities and super powers? Do you get excited when you can implement something completely new where the only limitation is your imagination? You love to design and implement feature requests on your own and look forward to give our customers a piece of software they will adore?

Call of duty:

As software developer, the whole team converges with you: you should be a team player with an eye for details, write a qualitative, clean and maintainable code and implement awesome features.

Your focus will be on:

- Java and C# Applications (client and server)
- .NET development with WPF, WCF and Entity Framework
- Web development with ASP.NET, JavaScript, JQuery UI and Angular JS
- Microsoft Excel Plugin development (VSTO)
- SQL databases and query optimization
- Multilingual GUI

Further profile:

- 3+ years of experience as developer
- Quick thinking and an independent-minded way of working
- Willingness and motivation to develop and improve high-tech software products in direct responsibility

What to expect:

- Flexible working hours
- Latest state of the art technology (frameworks, IDE, ...)
- Great team with smart colleagues
- Fresh fruits, beverages and coffee
- The opportunity to join an ambitious company operating in a highly-demanded domain

Payment:

The minimum basic salary is 46.284,00€ annually for 38,5h per week, according to the Austrian collective agreement for employees in the IT sector 2017 (Classification ST2/Regelstufe).

How to apply:

If we have inspired your curiosity, you are welcome to send your application and CV to jobs@inola.at.
